

Weekly Practice Worksheet

6th Grade · Math · Week 19 (Quarter 3)

Expressions & Equations

This week's focus: Writing algebraic expressions

Student Name: _____ Date: _____

Monday: Introducing Writing algebraic expressions

Learning Objective

Students can describe the concept of writing algebraic expressions.

Practice

Guided practice with 3-5 problems on writing algebraic expressions.

Check-In / Reflection

Exit ticket: one practice problem on writing algebraic expressions.

Tuesday: Building Skills with Writing algebraic expressions

Learning Objective

Students can solve straightforward problems involving writing algebraic expressions.

Practice

Independent practice set, checked in pairs.

Check-In / Reflection

Teacher circulates and checks for understanding.

Wednesday: Applying Writing algebraic expressions

Learning Objective

Students can apply writing algebraic expressions to real-world word problems.

Practice

Groups present one solution strategy to the class.

Check-In / Reflection

Short reflection on strategy used.

Thursday: Practicing Writing algebraic expressions

Learning Objective

Students can solve a mixed set of problems on writing algebraic expressions with increasing independence.

Practice

Peer tutoring for students who need support.

Check-In / Reflection

Self-check against answer key and flag questions.

Friday: Quiz & Review: Writing algebraic expressions

Learning Objective

Students can demonstrate mastery of writing algebraic expressions on a short quiz.

Practice

Class review of quiz answers and common mistakes.

Check-In / Reflection

Completed quiz collected and reviewed.
