

Weekly Practice Worksheet

6th Grade · Science · Week 1 (Quarter 1)

Cells & Body Systems

This week's focus: Cell structure & function

Student Name: _____ Date: _____

Monday: Introducing Cell structure & function

Learning Objective

Students can describe the key idea behind cell structure & function.

Practice

Guided notes and diagram labeling on cell structure & function.

Check-In / Reflection

Exit ticket: one fact learned about cell structure & function.

Tuesday: Investigating Cell structure & function

Learning Objective

Students can explain how cell structure & function works through observation.

Practice

Students record observations and draw conclusions.

Check-In / Reflection

Teacher checks lab notebooks for accuracy.

Wednesday: Applying Cell structure & function

Learning Objective

Students can connect cell structure & function to real-world examples.

Practice

Groups share one real-world connection with the class.

Check-In / Reflection

Short written reflection.

Thursday: Practicing Cell structure & function

Learning Objective

Students can answer application questions about cell structure & function.

Practice

Peer discussion to compare answers.

Check-In / Reflection

Practice sheet collected for feedback.

Friday: Review & Check-In: Cell structure & function

Learning Objective

Students can demonstrate understanding of cell structure & function on a short check-in.

Practice

Class discussion reviewing answers.

Check-In / Reflection

Completed check-in collected and reviewed.
