

Weekly Practice Worksheet

8th Grade · Science · Week 19 (Quarter 3)

Space Science & Astronomy

This week's focus: The solar system

Student Name: _____ Date: _____

Monday: Introducing The solar system

Learning Objective

Students can describe the key idea behind the solar system.

Practice

Guided notes and diagram labeling on the solar system.

Check-In / Reflection

Exit ticket: one fact learned about the solar system.

Tuesday: Investigating The solar system

Learning Objective

Students can explain how the solar system works through observation.

Practice

Students record observations and draw conclusions.

Check-In / Reflection

Teacher checks lab notebooks for accuracy.

Wednesday: Applying The solar system

Learning Objective

Students can connect the solar system to real-world examples.

Practice

Groups share one real-world connection with the class.

Check-In / Reflection

Short written reflection.

Thursday: Practicing The solar system

Learning Objective

Students can answer application questions about the solar system.

Practice

Peer discussion to compare answers.

Check-In / Reflection

Practice sheet collected for feedback.

Friday: Review & Check-In: The solar system

Learning Objective

Students can demonstrate understanding of the solar system on a short check-in.

Practice

Class discussion reviewing answers.

Check-In / Reflection

Completed check-in collected and reviewed.
