

Weekly Practice Worksheet

8th Grade · Science · Week 28 (Quarter 4)

Human Impact & Environmental Science

This week's focus: Human impact on climate

Student Name: _____ Date: _____

Monday: Introducing Human impact on climate

Learning Objective

Students can describe the key idea behind human impact on climate.

Practice

Guided notes and diagram labeling on human impact on climate.

Check-In / Reflection

Exit ticket: one fact learned about human impact on climate.

Tuesday: Investigating Human impact on climate

Learning Objective

Students can explain how human impact on climate works through observation.

Practice

Students record observations and draw conclusions.

Check-In / Reflection

Teacher checks lab notebooks for accuracy.

Wednesday: Applying Human impact on climate

Learning Objective

Students can connect human impact on climate to real-world examples.

Practice

Groups share one real-world connection with the class.

Check-In / Reflection

Short written reflection.

Thursday: Practicing Human impact on climate

Learning Objective

Students can answer application questions about human impact on climate.

Practice

Peer discussion to compare answers.

Check-In / Reflection

Practice sheet collected for feedback.

Friday: Review & Check-In: Human impact on climate

Learning Objective

Students can demonstrate understanding of human impact on climate on a short check-in.

Practice

Class discussion reviewing answers.

Check-In / Reflection

Completed check-in collected and reviewed.
