

Sorting and Classifying Animals by Attribute

Grade: PreK | Subject: Math | Week 19: Animals and Their Habitats | Time: 10–15 minutes

Learning Objective

Simplified, hands-on version: Student will sort a group of animals by a chosen attribute and count/compare how many are in each category.

Materials Needed

15–20 animal picture cards with varying attributes (number of legs, fur/feathers/scales, habitat), sorting mats

Practice Activity

Child chooses their own attribute to sort by and explains their categories to a parent.
