

Using Weather Tools: Thermometer and Wind Gauge

Grade: K | Subject: Science | Week 10: The Four Seasons and How They Change | Time: 20 minutes

Learning Objective

Student will use a simple weather tool to gather and describe one weather observation.

Materials Needed

An outdoor or classroom thermometer, a homemade wind sock/streamer (paper strips taped to a stick), weather journal

Practice Activity

Child predicts tomorrow's temperature and wind based on today's reading and checks the sky for clues.
