

Counting and Comparing Animal Groups to 20

Grade: 3-5 | Subject: Math | Week 19: Animals and Their Habitats | Time: 35–45 minutes

Learning Objective

Student will independently count two groups of animals up to 20 and compare which group has more, fewer, or equal amounts.

Materials Needed

20 small animal counters or animal picture cutouts, two habitat mats

Practice Activity

Child creates their own two animal groups and challenges a parent to say which has more. Extend by writing 2-3 sentences reflecting on the skill.
