

Jobs That Help Plants Grow

Grade: 3-5 | Subject: Social Studies | Week 28: Plants: Seeds, Roots, and How Things Grow | Time: 35–45 minutes

Learning Objective

Student will independently describe the roles and responsibilities of at least 3 jobs related to growing plants (farmer, gardener, botanist).

Materials Needed

Picture cards of plant-related jobs, gardening tool props if available

Practice Activity

Child matches each job to a tool they use (farmer → tractor, gardener → trowel). Extend by writing 2-3 sentences reflecting on the skill.
