

The Life Cycle of a Plant

Grade: PreK | Subject: Science | Week 28: Plants: Seeds, Roots, and How Things Grow | Time: 10–15 minutes

Learning Objective

Simplified, hands-on version: Student will describe the life cycle of a plant in order from seed to flower to seed again.

Materials Needed

Plant life-cycle picture cards (seed, sprout, seedling, mature plant, flower, new seeds), paper plate divided into sections

Practice Activity

Child narrates the full life cycle aloud using the plate as a visual guide.
