

How Geography Shapes Where Animals and People Live

Grade: PreK | Subject: Social Studies | Week 19: Animals and Their Habitats | Time: 10–15 minutes

Learning Objective

Simplified, hands-on version: Student will explain one way land or water features (mountains, rivers, oceans) influence where animals and people choose to live.

Materials Needed

Pictures of different landscapes (mountains, rivers, coastline), animal and community picture cards

Practice Activity

Child explains why one animal or community might choose to live near water or in the mountains.
