

Parts of a Plant and Their Jobs

Grade: 3-5 | Subject: Science | Week 28: Plants: Seeds, Roots, and How Things Grow | Time: 35–45 minutes

Learning Objective

Student will independently name at least 4 parts of a plant and describe the job of each part.

Materials Needed

A real plant with visible roots (or a diagram), drawing paper, crayons

Practice Activity

Child draws a plant and labels 4 parts with their jobs (parent scribes if needed). Extend by writing 2-3 sentences reflecting on the skill.
