

Asking "How" and "Why" Questions About Plant Growth

Grade: 3-5 | Subject: English | Week 28: Plants: Seeds, Roots, and How Things Grow | Time: 35–45 minutes

Learning Objective

Student will independently correctly use the question words "how" and "why" to ask 3 complete questions about plant growth.

Materials Needed

"How/Why" word cards, a small potted plant or seed packet, this week's picture cards

Practice Activity

Child interviews a family member using at least 2 question words about a plant or garden they know. Extend by writing 2-3 sentences reflecting on the skill.
