

Forest and Land Habitats

Grade: K | Subject: Science | Week 19: Animals and Their Habitats | Time: 20–25 minutes

Learning Objective

Student will use a simple model to represent how a forest habitat meets the needs of the plants and animals that live there.

Materials Needed

A shoebox or paper "forest diorama" base, small toy trees/leaves, forest animal figures or cutouts

Practice Activity

Child adds one more animal to the model and explains what it needs from the forest.
