

Measuring Plant Height with Nonstandard Units

Grade: PreK | Subject: Math | Week 28: Plants: Seeds, Roots, and How Things Grow | Time: 10–15 minutes

Learning Objective

Simplified, hands-on version: Student will measure the height of a plant using nonstandard units (unifix cubes or paperclips) and compare two measurements.

Materials Needed

A small potted plant or seedling, unifix cubes or paperclips, paper for recording

Practice Activity

Child measures one more object using the same unit and compares it to the plant's height.
