

Introducing the Topic: Jobs and Tools People Use

Grade: K | Subject: Science | Week 3: Jobs and Tools People Use | Time: 20 minutes

Learning Objective

Student will be introduced to this week's focus skill (Simple tools and materials; how tools help people do jobs) through a hands-on warm-up activity tied to Jobs and Tools People Use.

Materials Needed

Theme-related picture cards or real objects, observation journal, crayons

Practice Activity

Child practices the new skill independently with a themed manipulative or picture set.
